The economy is at a near-standstill and gas prices are through the roof, but regardless of financial constraints or economic hardships, the simple fact remains that car shoppers want their new ride to be cool. That is why now, more than ever, kbb.com's annual list of the 10 Coolest Cars under \$18,000 is in tune with the times, providing a great selection of cars that are not only affordable, but also fun.

"While there are many affordable new cars available today for less than \$18,000, the list gets much more narrow and exclusive when you view it through the difficult-to-describe lens of what is cool," said Jack R. Nerad, executive editorial director and executive market analyst for Kelley Blue Book's kbb.com. "When our kbb.com editors pooled their collective insight and opinions, the all-new 2013 Dodge Dart rose to the top of the list because of its unique combination of style, performance, features, and of course, value."

Two criteria -- fun-to-drive and fun-to-own -- are critical among the deciding factors of what the editors freely admit is a very subjective "cool factor," the over-arching number-one criterion for a vehicle to place on this list. Each vehicle is available for purchase at \$18,000 or less, using Kelley Blue Book's exclusive Fair Purchase Price as the yardstick (Kelley Blue Book's Fair Purchase Price is the price consumers typically are paying for a car, based on actual new-vehicle transactions and updated weekly for changing market conditions). Paying less than sticker also is pretty cool, so here is a sample selection from kbb.com's 10 Coolest New Cars Under \$18,000 for 2012:

2013 Dodge Dart

Manufacturer's Suggested Retail Price*: \$16,790

First true collaborative effort between the Chrysler Group and parent company Fiat, the 2013 Dodge Dart's enticing combination of style, performance, features and value has earned it the top spot in our 2012 coolest cars list. With exceptional interior space and loads of personalization potential, the all-new Dart will definitely make its presence felt in the ultra-competitive compact sedan segment.

[2012 Mazda Mazda3](#)

Kelley Blue Book Fair Purchase Price: \$14,786**

Sporty looks and joyful driving dynamics have made the otherwise practical Mazda3 an omnipresent figure on our annual 10 Coolest Cars Under \$18,000 list. For 2012 the Mazda3 appears once again, now with an optional "SKYACTIV"

powertrain that enables Mazda's plucky compact to return up to 40 mpg on the freeway.

2012 Chevy Sonic

Kelley Blue Book Fair Purchase Price : \$14,129**

Chevy's new subcompact deftly combines sporty exterior styling, motorcycle-inspired interior gauges and peppy yet fuel-efficient engine choices to create a competent and cool urban runabout. In either hatchback or sedan form, the Sonic booms with exuberance.

2012 Ford Fiesta

Kelley Blue Book Fair Purchase Price : \$13,382**

Small and bold don't usually pal around together, but you can find them hanging out in the sub-compact Ford Fiesta. With an aggressive grille, big lamps, sharp lines and pronounced fenders, the Fiesta is a styling standout. Even the inside is richer and more stylish than its competitors. European-like driving dynamics and highway fuel economy of 38 miles per gallon (40 mpg for the SFE version) solidify its cool cred.

2012 Volkswagen Jetta

Kelley Blue Book Fair Purchase Price : \$15,490**

Intrigued by the idea of a European sedan at an econobox price? Instead of rolling the dice on a 10-year-old Bimmer, you can get European driving feel – along with a full warranty and digital connectivity – in Volkswagen's best-selling model. Priced and sized for American tastes, the Jetta is also wrapped in clean, tasteful styling that will look sharp for years to come.
