Two criteria -- fun-to-drive and fun-to-own -- are critical among the deciding factors of what the editors freely admit is a very subjective "cool factor," the over-arching number-one criterion for a vehicle to place on this list. Each vehicle is available for purchase at \$18,000 or less, using Kelley Blue Book's exclusive [Fair Purchase Price](#) as the yardstick. Updated weekly and based on current market conditions like vehicle availability, local demand and seasonal buying trends, the Kelley Blue Book® Fair Purchase Price shows shoppers what others have been paying for a new car recently and is included in KBB.com's Price Advisor tool, which provides range-based market pricing.

"This year's list of budget-smart cool cars includes a repeat winner, an all-new Jeep and a few cars that have been completely redesigned for 2015. All of them are fun, stylish and versatile to varying degrees, and each and every one is enticingly affordable," said Jack R. Nerad, executive editorial director and executive market analyst for Kelley Blue Book's KBB.com. "Still riding high on the strength of a well-received redesign for 2014, the 2015 Mazda3, which could be called the reigning king of the Coolest Cars Under \$18,000, claims its spot at the top of our annual list for the second year in a row."
