IRVINE, Calif., Oct. 20 /PRNewswire/ -- Kelley Blue Book, <http://www.kbb.com/>, the leading provider of new- and used-vehicle information and premier partner for Internet marketing solutions, today announces the launch of its Spanish-language version of LeadDriver™. The new Spanish version can be easily implemented into an OEM or dealership Web site, allowing them to better connect with Spanish-speaking car shoppers.

LeadDriver is an online solution that integrates Kelley Blue Book® Trade-In Values into the OEM and dealership Web sites while capturing high-quality leads. Furthermore, LeadDriver is the most comprehensive lead product provided by Kelley Blue Book today.

With the Spanish-language version of LeadDriver, dealers can now provide access to Kelley Blue Book Trade-In Values from their own Web site to Spanish speaking visitors, giving dealers the ability to not only keep these potential buyers on their Web site, but capture trade-in information and the new vehicle of interest.

"Due to a tremendous amount of interest in a Spanish-language site, Kelley Blue Book established this product to benefit both the dealer and consumer," said Brad Prickett, director of syndication product management for Kelley Blue Book.
