With kbb.com's app, users gain access to trusted Kelley Blue Book® Values and crucial information to use in negotiations for vehicle transactions, wherever they may be. Windows® Phone 7 users will find both new- and used-car Kelley Blue Book Values, including MSRP, Invoice, Fair Purchase Price, [Certified Pre-Owned](#), Suggested Retail, Private Party and Trade-In Values.

In addition to Kelley Blue Book Values, users also can find a local dealer with detailed maps and directions. The availability of 360-degree photos of potential new cars and instant access to new-car video reviews from the expert editors of Kelley Blue Book's kbb.com provides shoppers with all the information they need at their fingertips. The app provides a myriad of free information for on-the-go car shoppers, including Twitter feeds for kbb.com and various car manufacturers, giving shoppers insight into the latest automobile information from Kelley Blue Book's team of experts and enthusiasts, along with the rest of the automotive Twitter community.

"When Microsoft gave us the opportunity to create an app for the all-new Windows® Phone 7 platform, it was a no-brainer. We were honored to be chosen as a premier app by Microsoft for this project," said Justin Yaros, executive vice president of product design and development for Kelley Blue Book's kbb.com. "Kelley Blue Book is proactive in providing shoppers the information they need to help lessen the car-buying headache. Having trusted Kelley Blue Book Values, reviews, and dealer locator information readily available on Windows® Phone 7 gives consumers the insight they need from any location."

"Windows Phone 7 is a fresh start for Microsoft in the smartphone market, and we wanted to include a number of valuable apps in the Marketplace hub with its launch," said Todd Brix, senior director, Windows® Phone Marketplace at Microsoft. "Kbb.com's easy-to-use app fit well with our strategy, and benefits mobile car buyers with a plethora of essential automotive information."
